

# How to make your garden more Nest Friendly

**Offer a wide variety of food**

**Use different feeders and nest boxes for different birds**

**Aim for plants with seeds, flowers or berries**

**Be wildlife friendly by encouraging different habitats in your garden:**

- ◆ **Grass, particularly sections where the grass is left long**
- ◆ **Flowering plants**
- ◆ **Trees and hedges**
- ◆ **Ponds & water features**
- ◆ **A habitat pile**  
(a pile of branches, twigs and other garden waste)
