- ... We want to make sure our animals feel at home; by committing to our sponsorship scheme, you will give them the best present imaginable.

Will I be Matilda's only sponsor?

- ... Oak Tree's sponsorship programme is a co-sponsorship scheme with the idea that a number of people sponsor each animal.
- ... Matilda will hugely benefit from your support, as will some of her friends here at Oak Tree.

Animal Sponsorship

Introducing **Matilda**

My name is Matilda and I am a female pygmy goat and have been resident here at Oak Tree since 2013.

I am known for being full of character and admit I am a bit bossy when it comes to the ponies (somebody needs to be!)

I love climbing and foraging around the paddock and will always try and persuade the staff here to give me a treat – after all, I deserve it after all the work I do keeping the ponies out of mischief.

I will be sure to say hello if you walk by my paddock as I'm known for being very sociable and friendly around people.

How sponsorship benefits animals at Oak Tree

Most of the animals we care for find a happy future away from Oak Tree, but occasionally we come across an Individual who, through no fault of their own, finds themselves remaining in our care for a long time. This may be for a variety of reasons, be it due to health, or particular behavioural issues.

Whatever the reason, the welfare of every animal our charity cares for is our priority.

Oak Tree depends heavily on the generosity of our supporters and simply wouldn't exist without it. By sponsoring Matilda, you are helping ensure all her needs continue to be met.

Sponsorship as a gift

You could always sponsor Matilda as a gift for someone you know, sponsorship can make a wonderful present for a goat-lover.

As part of your sponsorship you will receive:

- An A5 colour photo and factsheet
- A sponsorship certificate
- Our biannual newsletter
- Invites to special events
- Regular updates on Matilda
- An Oak Tree pen
