

Found a stray dog / lost your dog ?

Oak Tree Animals' Charity has not been a receiving point for stray dogs since March 2015 and we are no longer the dog wardens.

If you lose your dog, it is likely to end up in the care of local district and city councils in Cumbria - please call them.

You should also call them if you have found a stray dog. Please do not take the dog to Oak Tree Animals' Charity or other charity premises as we cannot by law take them in. Collecting strays is a legal duty which every local council provides, including at evenings and weekends. Remain with the dog and wait for the council to collect them.

- Carlisle City - 01228 817399 (INCLUDES weekends or evenings)

- Tynedale Council 01434 652121

Remember to check with neighbours and use social media to see if anyone has seen your dog if it is missing. For this reason, it's a great idea to have a photo of the dog in digital form which you can easily send or post. Please remember that it is the law to have your dog microchipped. and the details up to date. If the dog is chipped and collected, it will be easily found.
